

## REACH CERTIFICATE OF COMPLIANCE

COATED SOLUTIONS warrants his compliance in the European Union Directive 1907/2006, 2011/65/EU, and ED/169/12 per the Registration Evaluation Authorization and Restriction of Chemicals (REACH).

COATED SOLUTIONS does provide neither chemicals preparations nor substances, but finished products under the structure of the REACH Regulation; therefore, COATED SOLUTIONS foresee no registration or pre-registration requirement.

Regarding the requirements of Article 33 of REACH: Duty to communicate information on substances in articles, considering the information provided by our suppliers, COATED SOLUTIONS declare that none of the SVHCs (the Candidate List of Substances of Very High Concern for authorisation currently released by ECHA) is present in our products (and package) in quantities totalling in a concentration equal or above 0.1%.

Regarding the requirement of Article 67 of REACH: A substance on its own, in a preparation or in an article, for which Annex XVII contains a restriction shall not be manufactured, placed on the market or used unless it complies with the conditions of that restriction. According to the information provided by our suppliers, we declare that none of the restricted substances is present in COATED SOLUTIONS products (and package) in quantities totalling in a concentration equal or above 0.1%.

As REACH Regulation is updated frequently, we will continue to monitor the status of the candidates list as part of our on-going compliance activities, including the possible need under Article 33 of REACH to inform our customers of any changes or identified product issues in a timely manner.
