

REACH CERTIFICATE OF COMPLIANCE

COATED SOLUTIONS guarantees its compliance with European Union Directive 1907/2006; 22011/65/EU and ED/169/12 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).

COATED SOLUTIONS does provide neither chemical preparations nor substances, but finished products under the structure of the REACH Regulation; therefore, COATED SOLUTIONS foresee no registration or pre-registration requirement.

Regarding the requirements in Article 33 of REACH: Duty to communicate information on substances in articles, considering the information provided by our suppliers, COATED SOLUTIONS declare that none of the SVHCs (the Candidate List of Substances of Very High Concern for authorisation currently released by ECHA) are present in our products (and package) in quantities totalling in a concentration equal or above 0.1%.

Regarding the requirement of Article 67 of the REACH Regulation: A substance, on its own, in a preparation or in an article, for which there is a restriction in Annex XVII, shall not be manufactured, placed on the market or used unless it complies with the conditions of that restriction. According to the information provided by our suppliers, we declare that none of the restricted substances are present in COATED SOLUTIONS products (or packaging) in quantities totalling in a concentration equal or above 0.1%.

As the REACH Regulation is updated frequently, we will continue to monitor the status of the candidate list on a regular basis, including the possible need to report under Article 33 of REACH to our customers any variations or issues identified in a timely manner.

A handwritten signature in blue ink, appearing to read 'Paulo Gonçalves', is written over a faint, light blue grid background.

Fdo: Paulo Gonçalves
